

Spray Application Technology

SharpShooter®

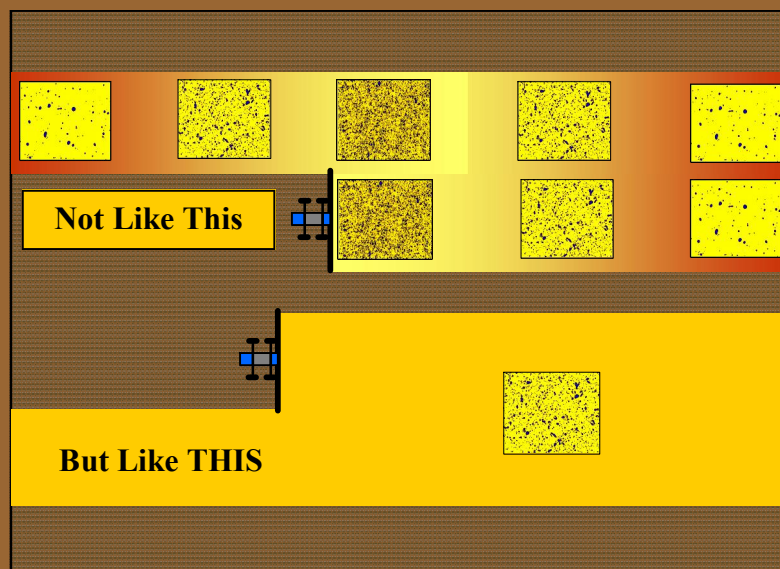

Patented

If you have one of these...

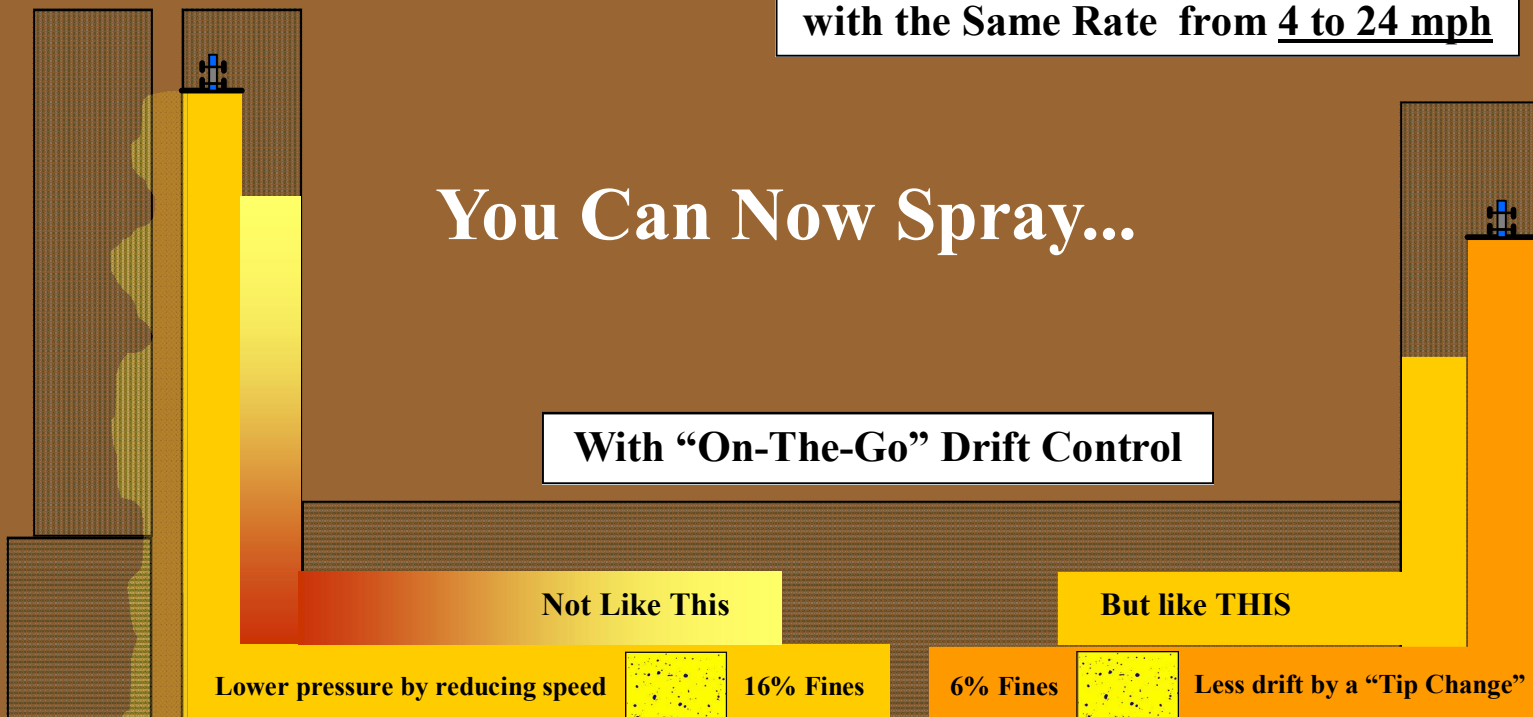

And you add this....

Constant Pressure/Consistent Droplets with the Same Rate from 4 to 24 mph

You Can Now Spray...

With "On-The-Go" Drift Control

Not Like This

But like THIS

Lower pressure by reducing speed

16% Fines

6% Fines

Less drift by a "Tip Change"

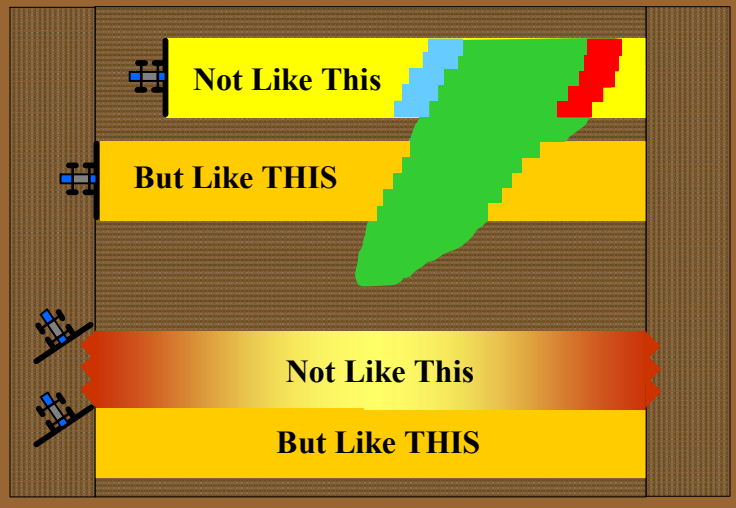

Spray Application Technology

SharpShooter®

Patented

If you have one of these...

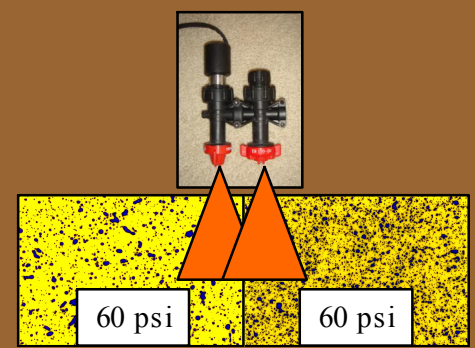

**Immediate Nozzle "ON and "OFF"
By Section or Entire Boom**

And you add this....

**Variable Rate over the Entire Boom
with One Tip**

You Can Now Spray...

Multiple Tips at the Same Time
